## CURRENT PROJECTS IN NORTHERN UGANDA

**PROJECT:** Faith Alive Academy  
**LOCATION:** Kitgum, Northern Uganda  
**REGISTERED CHILDREN:** 180

We have completed construction of 2 of the 3 school blocks (8 classrooms). The 3<sup>rd</sup> block (4 classrooms) is currently 75% funded.

The entire 6 acres has been fenced, water tanks have been installed on each of the 3 buildings and new toilet facilities are under construction. A bore hole serving the school and community was installed over a year ago. Teacher training is being conducted through the Association of Christian

Schools International (ACSI) and with support from Steinbach Christian High School in Steinbach, Manitoba.

Cost to complete 3<sup>rd</sup> school block: \$15,000

**PROJECT:** Faith Alive Farm  
**LOCATION:** 45 kilometers north of Kitgum, Northern Uganda

Faith Alive Ministries has acquired a 100 acre farm which is to be used to provide food for the school program in Kitgum. The goal is to clear 20 acres of land in 2015 and install a borehole for irrigation. Within a year, it is expected that the garden plots on site will provide enough food to feed all the children attending the FAA school.

Furthermore, one of CCI's Partners in Development provided the funding for a 2<sup>nd</sup> borehole in the community. We are told that between the 2 boreholes, 4,000 people no longer have to walk 3-5 kilometers to access safe drinking water. Currently, an additional 10 acres is being cleared and 11,000 trees are being planted for future income. By this time next year, garden plots on site will provide enough food to feed the children at the school.

Cost to complete the project: \$10,000
