

**ChildCare INTERNATIONAL**

*Breaking the cycle of poverty - one child at a time*

## GUATEMALA

For many months, ChildCare INTERNATIONAL (CCI) has wanted to help make an impact in another Latin American country: Guatemala. This is a beautiful country, but the sad reality is that children there live in a context of poverty, illiteracy, malnutrition and violence. If you follow the news, you might be aware of migrant children from Guatemala, travelling north to escape poverty and lack of opportunities. CCI has prayerfully decided to start new partnerships with Christian schools in Guatemala. As of January 2020, we will work to provide children with hope, education and the tools needed to live a better life. This way children will not need to flee risking their lives, but they can stay in Guatemala, having hope for a better future and creating a positive impact in their communities.

*Isaiah 54:2 "Enlarge the place of your tent; Stretch out the curtains of your dwellings, spare not; lengthen your cords and strengthen your pegs."*

## CHANGING LIVES

### **Samuel from Kenya**

Through sponsorship, Samuel has grown from an eleven-year-old boy who was fearful of the future, to a University student pursuing his dreams in Mechanical Engineering! Before being sponsored, Samuel was unsure of what was in store for him, and he longed to go to school for an opportunity to pursue his dreams. Since being sponsored, Samuel has demonstrated a diligent work ethic and he has experienced the love of God through CCI's program. His ultimate dream is to help improve the lives of other children, and he hopes God will give him a humble and loving heart, like his sponsor has had for him.

### **Soraily from the Dominican Republic**

Sponsorship has transformed the lives of both Soraily and her family! As a little girl, Soraily tragically lost her father, and her mother has struggled to sustain the family. The Christian education Soraily is now receiving has given her family a whole new outlook on life, as well as new opportunities. Soraily's mother has received Christ into her life and she now works in the school. What Soraily loves most about school is her teachers and her friends, and the quality education she is now receiving lets her pursue her dream of becoming a doctor, so that she can help children when she is older.

# WORKING IN HAITI

The Moulin School is located in the far Northwest region of Haiti, where having access to drinking water is a chronic problem. A well is needed at the school so the community can have unrestricted and reliable access to water.

The school also needs a secure, safe, and weatherproof kitchen to better provide children with a hot lunch every day. By building this facility at the Moulin School, children will continue to learn, grow and thrive.

Please partner with us and help make these life-giving projects for children and families at Moulin a reality!

**Moulin Well:** \$14,500

**Moulin Kitchen:** \$13,500

Visit our website for more information on how you can partner with us!

## SPONSOR TODAY

At ChildCare INTERNATIONAL we focus on providing Christian education and holistic child development through our partnerships with Christian schools and churches in Latin America, Africa and Asia. We use the one child / one sponsor model to encourage our sponsors to have a direct and active role in the life of their sponsored child.
